Industrial MRO Distribution
(Maintenance, Repair, and Operations)

TP TECHPROCURE

Techprocure is a leading global provider of industrial products and MRO (Maintenance, Repair, and Operations) supplies, specializing in distribution, sourcing, and procurement.

We give our clients access to a wide selection of over 1.5 million products, supported by a network of 12 strategically located warehouses across the United States, along with customized solutions tailored to their specific needs.

We proudly distribute the most trusted brands in the industrial market, ensuring quality, technical support, and product availability at every stage.

With over 20 years of experience, our team combines deep technical knowledge with strong commercial insight, allowing us to quickly understand and address the unique challenges of each customer. We work side by side with our clients to deliver reliable, efficient, and cost-effective solutions that keep their operations running safely, smoothly, and competitively.

MRO Categories We Specialize In:
○ Pneumatics ○ Hydraulics ○ Mechanical Power Transmission ○ Electrical & Automation

Over the years, leading companies in energy, oil & gas, manufacturing, food & beverage, mining, automotive, and infrastructure have trusted Techprocure to ensure the continuity of their critical processes.

TP TECHPROCURE

What Makes Us Different?

- **Consolidated MRO Supplying Solutions**
  All your industrial needs in one place.
- **24/7 Quote & Order Support**
  Fast, reliable assistance anytime you need it.
- **Top Brands, Quality & Availability**
  Delivered with precision and speed.
- **User-Friendly Online Store**
  Over 1.5M products at your fingertips.

Store AI emPowered
TECHPROTOOL.COM
Smart store, smarter deals!

- **Strategic Logistics Network**
  Covering more than 12 cities across the US and Canada.
- **Club ProBuyer**
  Enjoy 0% interest financing for 30 days.
- **GeniusPro AI Sourcing**
  Can't find it? We'll find it for you — specialized sourcing made simple.
- **Our IT infrastructure**
  Powered by Oracle, ensures secure integration, reliable operations, and automated purchasing.

- Chain & Heat Transfer Oils

Strategic Logistics

We operate a strategic logistics network spanning more than 12 major cities across the US, Canada, Mexico, South America and Middle East .

Our infrastructure is designed for speed, efficiency, and adaptability allowing us to deliver solutions tailored to each region's specific demands. From urban hubs to cross-border corridors, we coordinate transportation, warehousing, and logistic operations seamlessly.

This robust network enables us to ensure faster delivery times, greater inventory control, and superior customer satisfaction throughout North and South America.

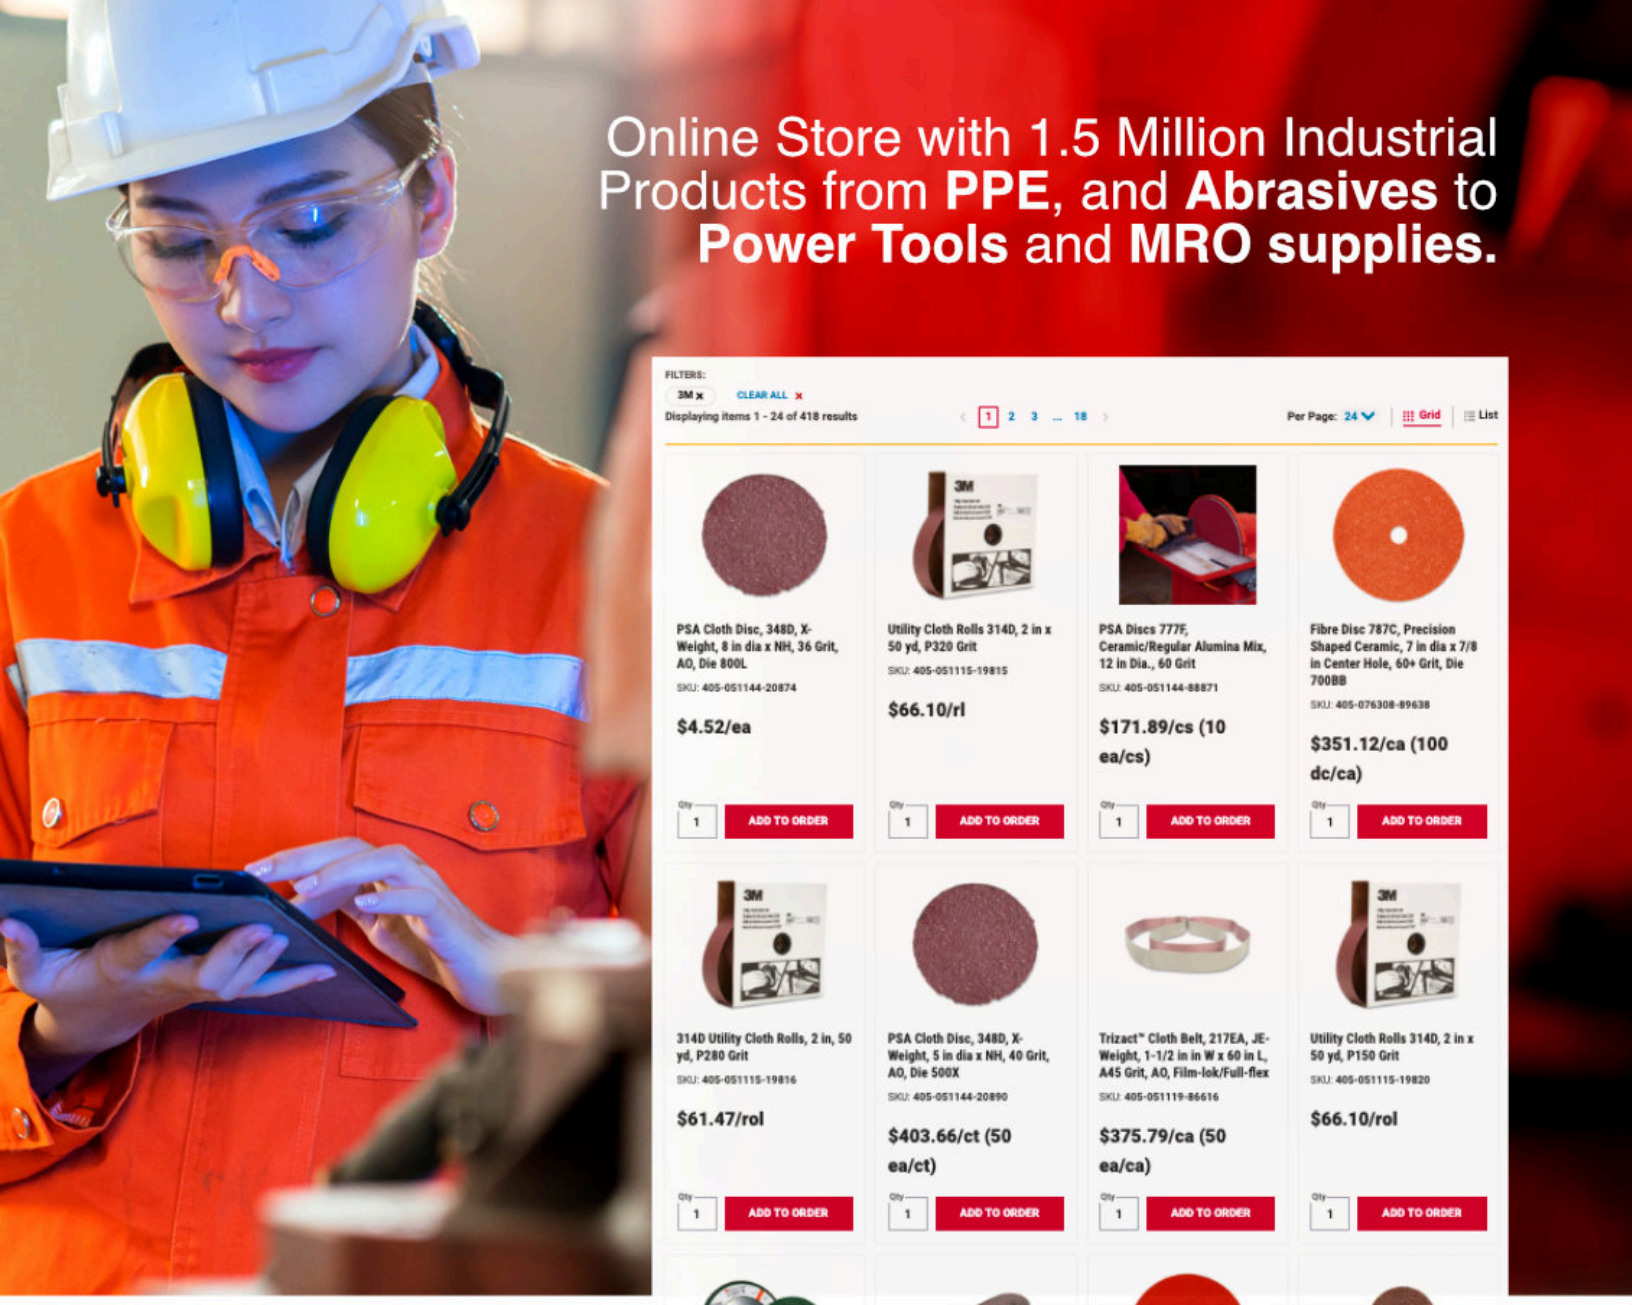

We proudly distribute the best brands in the industry and maintain ready-to-ship inventory, ensuring fast and reliable delivery.

We keep your most-used MRO products right at your facility simple, transparent, and reliable.

- **Identify High-Use Items:** list the products you use most often.
- **Set Stock Levels:** minimum and maximum quantity always on hand.
- **Organize & Label:** set up bins at your facility with clear labels for each item.
- **Weekly Checks & Sign-Off:** During each visit, we count product usage and your warehouse manager signs off on the quantities consumed.
- **Automatic Replenishment:** When stock drops below the agreed level, we refill it automatically.
- **Monthly Invoice:** You receive a single invoice for everything consumed during the month, based on the signed visit records.
- **Ongoing Review:** periodic reviews to adjust items, quantities, or visit frequency as your needs change.

Always on ***Time.*** Always in ***Stock.***

Online Store with 1.5 Million Industrial Products from **PPE**, and **Abrasives** to **Power Tools** and **MRO supplies.**
